About SUNY and SUNY Korea

SUNY
New York

USA

Founded in 1948, the State University of New York is widely known as the most extensive public higher education system in the United States, consisting of 64 universities, including Stony Brook University and the Fashion Institute of Technology.

SUNY Korea was founded as an extended campus of the State University of New York to offer world-class American degree programs in South Korea as a part of its steadfast commitment to the values of international education and cooperation.

History Makers.
We Change the World!

SUNY Korea, Korea's first and largest foreign university,
has established a strong tradition of excellence. Our university offers prestigious programs
of the world-renowned State University of New York (SUNY) campuses of
Stony Brook University (SBU) and Fashion Institute of Technology (FIT).

As the leading foreign university in Korea, we have students from over 40 countries
and are constantly expanding our programs to meet the needs of students
from various backgrounds and cultures.

SUNY Korea cultivates an educational experience that nurtures and develops
not only knowledge and technical expertise, but also leadership and global perspectives.
The entire SUNY Korea community is committed to preparing the next generation of global leaders.

I encourage you to explore SUNY Korea and discover the great opportunities
that help shape each of us into History Makers.

Arthur H. Lee, Ph.D.
President of SUNY Korea

**SUNY Korea was founded in 2012 as a part of the Ministry of Education's
decision to serve the transnational needs for quality and global education.**

SUNY Korea has grown to provide six degree programs of Stony Brook University and two flagship programs of
Fashion Institute of Technology, educating more than a thousand future talents from 40 different countries.

STEAM

**Specialization in cutting-edge academic areas, or STEAM, that
will lead future technological innovations and value creation**

*STEAM : Science, Technology, Engineering, Arts, Mathematics

The First

**The first American University established in South Korea
by the invitation of the Korean Government and
approval of the Ministry of Education**

U.S.Degree in Korea

**The prestigious SUNY degree:
authentic American higher education in South Korea**

Selected Programs

**Flagship academic departments of Stony Brook University and
Fashion Institute of Technology of the SUNY System**

Quality Education

**Prestigious undergraduate and graduate degree programs
with identical curriculum, quality of education and faculty**

Established in 2012

**Located in the Incheon Global Campus (IGC),
the most diverse and successful university complex for
transnational education in East Asia**
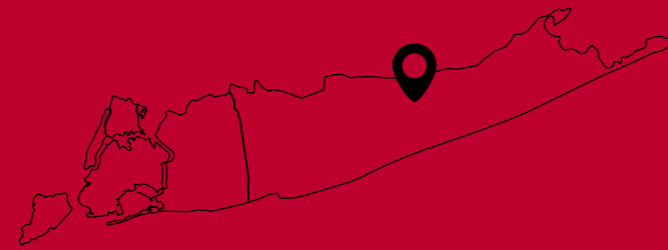

Stony Brook University

Stony Brook University was established in Long Island, New York, in 1957. In 2001, SBU became a member of the Association of American Universities (AAU), a reputable coalition of top universities in North America. There are approximately 27,000 students attending SBU. The school is especially renowned for its Science, Technology, Engineering, Mathematics, Medicine (STEMM fields) programs and has more than 60 departments in total.

SUNY Korea offers world-class academic programs of Stony Brook University in New York, concentrating on STEMM fields (Science, Technology, Engineering, Mathematics, Medicine). 6 SBU departments at SUNY Korea provide quality higher education optimized for the waves of the 4th Industrial Revolution and the concurrent technological innovations. Students are given an opportunity to double major or minor in multidisciplinary studies and can also join the Accelerated Program for Master's Degree in the engineering departments.

3 Years **+** **1** Year

1-Year Study Abroad in the New York Campus

Applied Mathematics and Statistics

#3 Applied Math/Statistics Program in the USA

Study Areas
Applied Mathematics, Mathematical Statistics, Numerical Analysis, Financial Mathematics, Data Analysis, Statistical Computing

Courses
· Advanced Calculus
· Probability/Mathematical Statistics
· Numerical Analysis
· Financial Mathematics
· Data Analysis
· Statistical Computing
· Graph Theory

Computer Science
ABET

#16 Computer Science Program in the USA

Study Areas
Artificial Intelligence, Big Data Analysis, Human-Computer Interface (HCI), Computer Security, Systems, Computational Theory

Courses
· Artificial Intelligence
· Principles of Database Systems
· Human Computer Interaction
· Computer Security Fundamentals
· System Fundamentals
· Computer Networks
· Theory of Computation

Electrical and Computer Engineering (Electrical Engineering)

One of the foundational disciplines of engineering

Study Areas
Digital Logic Circuit, Advanced Programming, Data Structures, Electrical Circuit Analysis Transmission Line Theory, Semiconductor Devices, Communication Systems

Courses
· Digital Logic Design
· Advanced Programming and Data Structures
· Electrical Circuit Analysis
· Electronics
· Electromagnetics and Transmission Line Theory
· Modern Circuit Board Design and Prototyping
· Semiconductor Devices
· Communication Systems

Mechanical Engineering
ABET

Accredited by the US Accreditation Board of Engineering and Technology

Study Areas
Engineering Design, Robotics, Thermal Sciences, Manufacturing, Dynamics and Control, Mechatronics

Courses
· Freshman Design Innovation
· Computer Aided Design
· Practical Electronics for Mechanical Engineers
· Engineering Dynamics
· Control System Analysis and Design
· Mechanical Engineering Lab
· Thermal System Design
· Manufacturing Processes

Technology & Society (Technological Systems Management)

Convergence of Engineering/Technology and Social Sciences (Management)

Study Areas
Entrepreneurship, Technology Assessment, Communication Technology, Data Science, Business Incubation

Courses
· Management for Engineers
· The Mobile Revolution in Development
· How to Build a Startup
· Information and Communications Technology for Sustainable Development
· Interaction Design
· Communication for Engineers and Scientists
· Applications Software for Information Management

Business Management
AACSB ACCREDITED

4 Concentrations: Accounting, Finance, Marketing, Operation Management

Study Areas
Finance, Business Analytics/Ethics, Marketing, Entrepreneurship, Investment, Accounting, Financial Accounting, Organizational Behavior
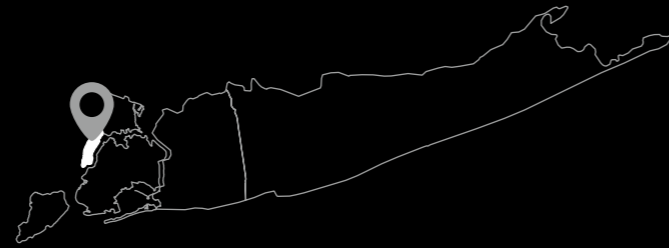

Courses
· Decision Sciences
· Business Statistics
· Investment Analysis
· International Finance
· Principles of Marketing
· Marketing Strategy
· Entrepreneurship

Intensive English Course for Provisional Admissions
Tailored English programs will be provided to the admitted students who do not have standardized English test scores.

2 Years 🇰🇷 **+** 🇺🇸 🇮🇹 **2** Years

Additional 2 Years in the New York/Italy Campus for Bachelor's Degree

Fashion Design

FIT's flagship department with a 77-year history

Study Areas

Fashion Styling, Fashion Design - Art, Pattern Making, Draping, Sewing

Courses

· Digital Design Studio
· Fashion Research and Inspiration
· Fashion Art Studio
· Visual Design Concepts
· Apparel Design Studio Patternmaking
· Material and Construction
· Digital Design: Flat & Floats
· Life Drawing

Fashion Business Management

Business/management curriculum focused on design/fashion industry

Study Areas

Fashion Marketing, Fashion Product and Planning Development, Retail Strategy/Management

Courses

· Fashion Forecasting for Merchandisers
· Fashion Business Practices
· Business Intelligence in Planning and Buying
· Innovation in Product Development
· Fashion Marketing and Digital Technology
· Statistical Analysis
· Retail Strategies
· Strategies of Merchandising

AAS (Associate of Applied Science)
Ready-for-Work degree for practical education in specialized and industry-oriented fields.

Facilities & Environment

Nestled in the Incheon Global Campus, SUNY Korea provides a learning environment
that meets global standards by providing state-of-the-art facilities and student centered community areas.
